PROFESSOR BROWNELL IN CHARGE.

Committee of Prominent Educators Arranging For Collection and Installallon of Exhibits - Much Interest Being Taken In School Teachers' Contest.

The display Kentucky is to make in the Educational building at the World's Fair next year will open the eyes of educators everywhere to Kentucky's possibilities in educational affairs. The Kentucky Exhibit association has piaced at the head of its Educational exhibit committee Professor H. G. Brownell, principal of the Manuai Training High School of Louisville, and he has appointed 20 of the state's best known educators as his associates on the committee. They are as follows: Professor H. V. McChesney, Frankfort; Professor R. P. Halleck, Louisville; Professor W. H. Bartholomew, Louisville; Professor F. Paul Anderson, Lexington; Dr. Chase Paimer, Danville; President Wiiiiam Dinwiddie, Jackson; Dr. W. G. Frost, Berea; Dr. B. B. Huntoon, Louisville; Dr. E. Y. Muliins, Louisviile; Dr. Arthur Yager, Georgetown; Superintendent M. A. Cassidy, Lexington; Superintendent S. L. Frogge, Frankfort; Professor C. J. Crabbe, Ashiand; Professor McHenry Rhodes, Owensboro; Professor T. S. Ailey, Beilevue; Professor C. C. Cherry, Bowling Green; Professor Enos Spencer, Louisville; Miss Pattie S. Hiil, Louisville; Mrs. Emily E. Bracken, Louisville, and Mrs. M. B. Tucker, Louisviiie.

The association has made application for 2,500 square feet of space in the Paiace of Education at the Fair and it is reasonably certain that it will

Chairman Educationai Exhibit Committee, Louisviiie.

secure this amount. Professor Browneil recently made a trip to St. Louis to confer with Mr. Howard J. Rogers, chief of the Department of Education, relative to Kentucky's exhibit in his department, and had a very satisfactory interview, Mr. Rogers promising Professor Brownell that Kentucky's educational exhibit would be well taken care of. Professor Brownell since his appointment has devoted much time to the study of collecting and instailing the Kentucky educational display and has decided to classify it under eight groups, as follows: Eiementary, secondary, higher, fine arts, agricuiturai, commerce and industry, defectives and text-books and furniture. There wili be several classes in these groups, showing school management, organization, statistics, pictures and plans of buildings, methods of instruction, resuits obtained and pupils' and students' work. Another important factor will be the training of teachers. Good exhibits are desired by Professor Browneil and his committee from the graded schools and rural schools of the state, and also lilustrating the work of the mountain schools. It is his hope that every educator in the state will help make the Kentucky display one of the most successful in the Educational building at the fair.

It is believed that the deep interest to be aroused by the school teachers' popularity contest, inaugurated two weeks ago by the Kentucky Exhibit association, wili greatly increase interest in the cducational exhibit. Educators in every part of the state are awake to the importance of having a good display at St. Louis, and at the same time are lending their efforts to making a success of the contest whereby 120 of the most popular teachers of the state will be given free trips to the World's fair. Every educator in Kentucky is eligible to election in this contest, members of the educational committee alone excepted. They are barred for the reason that the counting of the votes is to be conducted under their supervision.

FINE AGRICULTURAL DISPLAYS. No man is more capable for the position of chairman of an agricultural exhibit committee than is Coionel Ion B. Nall, the state commissioner of agriculture. Colonel Nall is at the head of the Kentucky Exhibit Association's committee on agriculture and horticulture exhibits and is now working out the details of the display to be made by the state in these two departments. He has associated with everything agricultural, and in addition to this has an army of workers throughout the state, having appointed subcommittees in every county of

REV. HARROP ROBBED.

Some One Went Through His Pockets at an Owensboro Hotel.

The Rev. F. W. Harrop of Latonia, Presiding Elder of the M. E. Church, went to Owensboro last week with the Maysville Knights to the State Conclave.

He was assigned a room at a flotel, with Mr. Charles J. Collins as a companion,

CLOTHING TALK! sss

There is something about the Hart, Schaffner & Marx Clothing by which you may identify them even more certainly than the label. It goes into them before the label. It is a style, a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.

But we have provided as well for the boys and children. We invite inpection and comparison of both goods and prices. OUR MERCHANT TAILORING DEPARTMENT, under the supervision of Mr. Charles F. McNamara, is the only one in the city paying Union prices and having all work done at home. Ask to see one of our made-tomeasure Suits. You can get them cheaper elsewhere, but not like ours.

Let us show you our new Shirts, new Hats, new Neckwear, etc., etc.
